PROFESSIONAL SUMMARY

Software Developer with hands-on experience building Android and web applications. Proficient in HTML, CSS, JavaScript, Java, PHP, SQL, Python, and C, with strong focus on CRUD operations, clean UI design, and practical problem-solving. Experienced in applying Agile practices and basic cybersecurity analysis.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, Java, PHP, SQL, Python, C

Web & App: Front-End Development, Responsive Design, UI/UX, Application Development

Tools: Git, GitHub, Android Studio, VS Code

Concepts: OOP, CRUD Operations

Cyber Security: Risk Assessment, Log Analysis, SQL Injection Awareness, Brute Force Attack Analysis

PROJECTS

Android Music Player Application | *Java, Android Studio*

- Built an Android music player that scans local storage and lists audio files.
- Implemented background playback with play, pause, next, and previous controls.
- Designed a persistent mini player to maintain playback across screens.

Expense Tracker Web Application | *HTML, CSS, JavaScript, PHP, SQL*

- Developed a web app to track income and expenses with category management.
- Implemented full CRUD operations using PHP and SQL.
- Generated monthly summaries with basic input validation.

RELEVANT EXPERIENCE

Front-End Web Developer (Freelancer) | *Mar 2025 – Dec 2025*

- Developed responsive websites using HTML, CSS, and JavaScript.
- Translated client requirements into functional and clean UI designs.
- Applied UI/UX best practices and version control using GitHub.

Cyber Security Analyst Intern – EYEDOTNET PVT LTD | *Aug 2024 – Sep 2024*

- Conducted basic risk assessments to identify security vulnerabilities.
- Analyzed logs to detect suspicious activities and potential incidents.
- Assisted in security documentation and reporting.

EDUCATION

B.Voc – Software Development

St. Aloysius College, Mangalore | 2022 – 2025

PUC (EBAS)

St. Mary's PU College, Shirva | 2020 – 2022
